Friends' recovery from documented coronavirus

Dear Kerri: I am so happy to share with you this family testimony that was infected with Covid-19 and have fully recovered. And not only that, have helped their friends. I share, but due to their situation, they prefer to remain anonymous. [5/4 3:32 PM] Maria: Anonymous, how has the evolution of your improvement and your husband's been? Has the MLS Supplements served you? [5/4 3:37 PM] Anonymous: We are completely fine. I already wrote my testimony in the group. Here it is: Hello everyone. ...MLS Supplements definitely works. I took it but, as I was already leaving the contagion, I didn't notice much change. What I realized is that I quickly recovered my sense of taste and smell. But my husband, who still lost his breath when he got tired and had a lot of sweating, was healthy the next day after taking the right doses. We keep taking it because we feel completely good and because a very close friend came out positive [tested positive for coronavirus] and she has cancer so we gave what we had to her. And thank God she is already recovering. [She's getting over] her coughing and she doesn't get a fever anymore. I also recommended it to two other families who tested positive. One of those families was already very bad. The husband and wife had 20 days without being able to sleep due to bone pain, fever, coughing and not being able to breathe. And by taking the MLS Supplements protocol on the first day of starting to take it, they could sleep well because symptoms significantly decreased. In the other family, the husband came out positive [tested positive for Covid19] and also started with protocol and did not present all the symptoms: it only gave him a fever at night and bone pain. Feels good already. [5/4 3:32 PM] Maria: Excellent, thank you for sharing.

My mother was diagnosed with Alzheimers

Name: Keith

Location: America / United States

I have seen many problems solved with MLS Supplements. My favorite was when my mother was diagnosed with Alzheimers and was given a pill, which after taking the first one at 10 PM, paralyzed her body but allowed her to talk and she was scared. I listened to her cry when it happened. She did not even know what she

was taking. After she told me which bottle, I googled the pills which turned out to be Alzheimers meds and not effective. So my mother when asked, if she wanted to keep taking them, she said no. I gave her 6 drops of the MLS Supplements and fifteen minutes later she was fast asleep. In the morning I gave her 6 more drops and an hour later 6 more. By 9:30 AM we had a normal conversation about how she met my father some 65 years before, her clarity of thought had returned. After 1 week of protocol 1000 she felt so good she stopped taking the MLS Supplements and after a month her symptoms returned. 1 week on protocol 1000 again she felt great and stopped taking the MLS Supplements I tried to get to keep taking it but after a week she felt she had enough sure enough it came back a month later and then we would start again. However the clarity of thought provided my mother was undeniable. 3 years later most of my siblings had forgotten about her alzheimers diagnosis.

Rheumatoid arthritis is caused by bacteria

Rheumatoid Arthritis is caused by bacteria - I had it for 2 to 3 years in my 30's - caused by a Kiss. Had my tonsils removed as a kid - I later find out the job of the tonsils is to protect you from bacteria that enter via the mouth. Took me 2 years of trial and error to find anything more natural that helped - first was the herb Cat's Claw from Peru - that helped a lot but once you stopped taking it the pains came back. Then I found MLS Supplements. About 3 weeks on MLS Supplements and the pains went away for good. MLS Supplements killed the bacteria causing my joint pains. The type of bacteria that causes RA doesn't have a cell wall, so isn't killed by antibiotics that target the cell wall - MLS Supplements kills this kind of bacteria.

Dee

Cleared my Mum's arthritis in 3 weeks

I got my Mum some MLS Supplements about 3 weeks ago because she was in agony with arthritis, so much so she couldn't sleep. Just got off the phone with her. She's been taking one drop per hour every day for just under 3 weeks. I asked her what the pain was like 3 weeks ago out of 10. She said 8. Today? Zero. This particular mineral came to my attention about 4 years ago in Marrakech, when the owner of my favourite organic cafe emailed me about it. Then again last year when my friend in Ireland who's a huge health expert told me about it. Then again when one of my favourite researchers in the US started tweeting about it (to the point where he got mentioned as a conspiracy nutter on This Morning) It proves to me that there is a literal mafia in charge of medicine in the world, and has been for over a century (look up the Rockefeller takeover of modern medicine). The cures to pretty much everything have been blocked from our education system and in this

matrix we are locked into. It's simple science when you actually look into it. I used it in February on my son when he displayed all the symptoms of what we didn't know then was covid19. I didn't apply it in the right way then, but the symptoms were gone in 2 days. This particular, cheap and abundant mineral is exactly the same as what our white blood cells produce to fight invaders, so there can't be any side effects - it's simply topping up the body because we are so packed with poison from everything they've been pumping into us over the past 50 years, from flouride in the water (neurotoxin that calcifies the pineal gland, makes us dumb, docile, receptive to orders/suggestions and more importantly us our telephone to God/the Universe and where our visions come from) to the Monsanto shit glysohate they spray on the veggies, to the hormones and shite they inject into the animals that become our meat, to the chemtrails from the sky which fill us full of particulate parasites and heavy metals that rot our brain and destroy our immune systems. All of which makes us super-susceptible to a virus, however that is transmitted (clue: not by hands or touch or breath). I have been taking responsibility for my health and the health of my loved ones by acting as a sovereign human being for many years now. Many ailments can be cured by super simple cheap remedies. That's the big secret they don't want you to know, because if you did know you wouldn't buy into all this bullshit they are currently pumping us with and the human race could get on with building a beautiful, harmonious world of fun and abundance instead of this shit-show of fear.

After using MLS Supplements my asthma was gone

I had asthma for years and have seen several doctors due to immigration and moves. After using MLS Supplements my asthma was gone in 2 days flat, never to return. I also use MLS Supplements when I feel a cold coming up, and for the last 2 years I never had a cold again. MLS Supplements stops it in its tracks. I found that my athletes foot improved drastically. I bath in it, and found that it also takes care of some vaginal discharge. I recommended it to several friends who have made MLS Supplements part of the content of their medicine cabinet, like myself. Keep up the good work. I believe in you and so do my friends who use MLS Supplements! :-)
Monika

Recovery from Autism

Age : 4 years old Started at age 3yrs Atec on starting: 68-72 (range) (had wax and waning symptoms) Duration of protocol: for exactly 1 year Current Atec: 7 Initially he had a few words, non conversational, lots of echolalia. No social skills or play, never played with siblings, lost in space, very poor attention and focus, lack of awareness. Aggression, emotional dysregulation and very poor sleep. Once we started the protocol April 2019 first thing we noticed was improvements in sleep. Started with

16 doses of MLS Supplements, pulled him from school so he could get as much dose in the day time. Once we started the enema and PP protocol his speech improved, he started having more words , attempts at conversation, but so shocking was the improved social play with his siblings. The would play all day, he would ask about his sister. He would wait for her to wake up so the could play together, eat together. He and her became so close. Something I never seen. Then we noticed pretend play and increased awareness. He would greet you in the mornings and tell everyone goodnight before bed. Remind you about things you forgot. Tell you where eveything is in the house if you forget or are looking. As we continued with PP protocol (spoke to you in November at which time you increased MLS Supplements dose to 24) and increased MLS Supplements dose, his cognition, focus and attention improved. At this time we would add footbath, binders, robynzyme and were already on heavy metal detox (zeolite, clean clay, ultra binder, iodine daily) Now he text me at work to report things he siblings are doing wrong. He makes sure he reads the bible to his siblings and prays with them before they go to bed when I am not back from work and then text me that its done and says good night to me. His speech is so much more improved, and can have about 3 back and forth exchange in conversations. He is no more eligible for speech therapy giving his improvements. We still have to work on aggression, emotional dysregulation and increased conversational skills. But from where we started I feel blessed. All I can do is continue to pray for you Kerri, that GOD will keep you safe and answer all your heart desires. Stay blessed. FYI: you recovered my sister's son and that's how I got to know about you. I am currently a physician in the USA, and hope to bring awareness of autism recovery to conventional medicine.

Autism - suddenly the child is 97% content and quiet

I have been suffering along with the neighbor's autistic son's horribly disturbing agitation, screaming, yelling, crying, banging, stomping and noisy insomnia for 4 years. Suddenly the child is 97% content and quiet. I found out that they are using MLS Supplements. I am trialing it on my dogs skin condition by spraying topically and by dosing their drinking water. I have found it to be a perfect deodorant and tonight I got some flea bites from an infested basement area which were burning and stinging. This went away immediately after spraying with the 40 gtts / 4 ounces solution. WOW I am going to start oral dosing myself tomorrow.

Autism - confidence and joy is absolutely beautiful

These parents' confidence and joy is absolutely beautiful. I'm almost in tears with hope. I can imagine their dreams of gaining their child's transformation. Praise the

Lord for the sovereign providence of God that led them to the help they needed!
Albert W Richter

AUTOIMMUNE - I found MLS Supplements and it cures so many Auto-immune problems of mine

Name: Crystal Mackay

I have lived with cold sores since I was little. I had over 30 food allergies at only 9 years old. I am now almost 30 and have spent my entire life with alternative practitioners because of my mother. It was only 10 years ago that I found MLS Supplements and it cures so many auto-immune problems of mine that if you take this away I WILL NOT STAND FOR IT. MY FRIENDS WILL NOT STAND FOR IT. My COMMUNITY ONLINE OF THOUSANDS AND THOUSANDS OF PEOPLE WILL NOT STAND FOR THIS. You start taking away our ability to heal ourselves FDA and WE, OUR COUNTRY OF AWARE HUMANS ARE COMING FOR YOU!

Back pain from lung problems

I forgot to tell you. Last Friday I woke up with a pain in my back where my lungs are. I thought it was because of the way I slept. I wasn't hungry all day and, in the evening,, I was feeling weak like I was getting the flue. Then I realized the pain in my back was actually my lungs. I could feel it when sneezing or deep breathing. I took 3 drops MLS Supplements and again 6 before bed (in 120 ml water). It wasn't gone in the morning but also not worse. So I took another 6 right after I got up, 1 hour later 3 and another hour later again 3 drops. After that it was gone, I felt better and hasn't come back.

Hepatitis B - two months until gone

My son was diagnosed with Hepatitis B in July, 2012. He was very sick, aching all over and stomach pains (?). I immediately put him on MLS Supplements, three drops every hour during the day. (Not sure what he did as he is 34 and doesn't live at home) Doctor had blood tests taken every week for two months until he no longer had Hepatitis B.a

CHD (Coronary heart disease)

Name: Kel Blackman

At the age of 65 I had all the symptoms of full blown heart disease.

I had heard that MLS Supplements would clear out my arterial plaque and remove

cholesterol build up from my heart so I went on the pathogen cleanse. The article said that it would take about 3 weeks.

I stuck to the regime strictly with a minimum of 8 doses of MLS Supplements per day, starting on one drop per hour and after a short time I noticed slight heart palpitations from time to time.

I increased the doseage gradually, taking note of how it affected me and at times I had to reduce the dosage, going back half a drop. After a couple of weeks I noticed that my energy levels seemed to be increasing and that there was an increase in my overall wellbeing.

It took over 7 weeks before I could take 3 drops per hour without any side effects and by that time I knew that my system had been flushed out resulting in a new feeling of health and vigor. That was 9 months ago and I still feel as healthy as when I was in my 20's. This has definately added many healthy years to my life and I recommend the treatment to anyone who has any symptoms of arterial plaque or heart problems.

MLS Supplements worked for candida

Hello My Name Patricia M. I am 78 yrs old and living in Nova Scotia, Canada. And I have been using MLS Supplements since 2016, when Reverand Kilburn first appeared with MLS Supplements to help get rid of a Candida/Thrush issue that would not go away with repeated antibiotic prescriptions. An MLS Supplements spray and gargle and protocol 1000 did get rid of it. Since then I have kept MLS Supplements in my medicine cabinet for use in Sinus infection, Blocked tear ducts, skin issues, Arthritis, and many other issues. With Guidance from Rev Wulfric I have learned to use many of the Sacraments to maintain my health as I move further on into my golden years. God Bless Patricia M.

Chronic Fatigue, AIDS, herpes simplex

I first came across MLS Supplements about a decade ago and recommended it to a dear friend of mine who had AIDS. I also used it to treat my herpes simplex infection and it was very successful for that too. Fast forward 4-5 years and I became very ill with chronic fatigue syndrome with debilitating fatigue, anxiety, depression, brain fog and all the usual symptoms. Unfortunately, I had allowed myself to be put off MLS Supplements by some of the negative propaganda out there and decided to try to treat my CFS using other means (such as antioxidants, vitamins, minerals, amino acids, herbals, etc). I had been battling to stay well for the last 6-7 years, with some success, but nothing was really working, even ozone and nano silver seemed fairly limited in what they could do for me. A few days ago I was so weak and confused that I was seriously considering taking my own life. I just didn't feel I could carry on anymore. Then, all of a sudden, a little voice inside told me to start taking 2 drops of

activated MLS Supplements every hour. I knew about this protocol, but I had never tried it for myself. So that's exactly what I did. Well, I'm astounded as to how effective this is. It's unbelievable. Within a couple of hours it was as though someone plugged my brain back into the mains. I was suddenly able to think clearly and get up off the sofa and start making some food and to think ahead a little for the first time in days. I'm now on day 3 and am continuing to take 2 drops of MLS Supplements on the hour. I'm getting no nausea or side effects from this relatively small dose. I just feel fantastic. My whole body feels oxygenated and clean and my brain is getting clearer and clearer. I can't believe I forgot about this miracle but am so humbled and grateful to have re-discovered it. I was really scared that I had come to the end of the road and now I can suddenly see a bright future for myself. I'll report back again in a few weeks to let you know how I am doing, but I am pretty certain that I am going to be just fine.

Circulation Problems - Chelation Therapy and MLS Supplements

Name: Gary A Pietz

Since multiple doctors lied to me over 10 years ago I have been left disabled due to multiple bypass operations on my Femoral Arteries (legs). I have artificial arteries with 10% circulation. This limits the distance I can walk at a given time. 20 to 30 yards at a time then I must stop to let the blood refill my legs with oxygen. I have to get Chelation Therapy to keep my artificial arteries open so I don't lose my legs. This is a \$4000 a year process for 30 treatments (twice a week or approximately 4 months). Each treatment causes the loss of 1 day, since I can't do anything the day of the treatment which takes 3 1/2 hours to complete. I have been taking MLS Supplements now for about 3 years. I have found that if I take 10 to 12 drops of MLS Supplements at least 5 times a day (over 50 drops) I do not need to go and get my Chelation Therapy as often. To date I have not had Chelation Therapy for over 2 years now. I would like to also talk about the drinking of Pepsi. My doctors have always asked if my legs hurt when the circulation goes down from using my legs. I have never experienced any pain. They just get tired almost immediately and if I don't halt they give out from lack of oxygen and I go down. I am still able to golf at courses that allow me to drive close to the greens and tees. This is my only exercise. Anyway few years ago my legs started hurting very bad when the circulation went down. Almost to the point of crying it was so bad. I could not finish 14 of the 18 holes because the pain was so unbearable. I could not figure out why all of a sudden my legs were hurting so bad. After much thinking I remembered the homeopathic doctor that I was seeing for the chelation treatments had told me sodas were bad for your circulation and would harm the chelation treatments ability to clear my blood vessels of cholesterol. I was drinking maybe 5 or 6 Pepsi every week. Doing nothing else, I switched from Pepsi to Powerade drinks. In less than

two weeks my pain went away and has never returned. You can give me all the statistics you want on how good Pepsi is for you and I can tell you from experience that Pepsi is no good for the circulation anyones body. Most of you can't feel what it is doing, but with my legs being as sensitive as they are, I was able to witness first hand just how bad this product is!

Crohn's disease goes away

Name: Gene Hutchens

My son's girlfriend aged 28 had Crohn's Disease. Doctors did everything to try to help her. She could eat anything but couldn't digest it; she was in the hospital almost every week. Nothing helped and we thought we would lose her. Then we found MLS Supplements. After one month of taking it, the doctor said she had no more Crohn's. She can now eat anything and digest it properly. She feels great. She told her doctor that she was using MLS Supplements and he said she had better throw it away! Anyway, what a success story!

Cystitis Cleared Up

Name: Anna Jean Cresswell

I had a very severe case of cystitis that came on quite quickly. I took 5 drops of activated MLS Supplements and within an hour the symptoms had disappeared. I have continued taking MLS Supplements once a day and suspect that by the time I can get in to see the doctor (in two weeks!) that the lab test will come back negative. This is just one of many times that MLS Supplements has worked for me.

Dementia - Memory came back

An elderly guy (in his 80-90's), who claimed he was the last survivor of the chemical company (since closed), that use to operate in New Plymouth, and made Agent Orange, and many other toxic sprays. After 50 odd years working there, he said that he was so full of toxins that he couldn't remember things that he had done the day before, along with other health effects relating to a build up of toxins in the body. Someone told him about MLS Supplements, which he tried. He phoned me on the second day all excited, saying that he remembered all he had done the day before. He claimed to be 100% better within about a week on MLS Supplements. He is now an advocate for MLS Supplements, telling everyone who is willing to listen.

Depression - 6 year Depression Cured

In March 2017, a 24-year-old male came to visit me. He had serious depression for about 6 years. He was studying engineering at a prestigious university. He had to

drop out of school, and was hallucinating. He visited many clinics, hospitals, and natural practitioners all across the United States. Sometimes he felt better, but then he would always relapse. His family had no idea what to do with him. When he came to me, he would only get out of bed for a few minutes a day, and slept most of the time. I asked him when did he get his wisdom teeth removed. He said "how did you know I got my wisdom teeth removed." I told that him that this is very common. When the wisdom teeth are taken, many people begin the descent in health because they form a cavitation in the area. (Please see Dr. Tennant's work to learn about how your dentist can kill you.) The cavitation infection ends up infecting many other parts of the body, and the wisdom teeth commonly effect the brain. So, I sent him to a dentist that knows what he is doing – these are very hard to find by the way. He got all four cavitation's cleaned out and filled back with his own blood fibrin. The day after the surgery, I had him start MLS Supplements 8-10 doses a day, and he worked up from the starting procedure to about 4-6 drops per hour. In two months' time, he was depression free. He is now working again for the first time in years. He is now wondering what to do with his life. Should he go back to college or become a natural health practitioner?! I can't wait to see his life unfold.

Diabetes 1 and hyperglycemia Cured

Praise God for his healing and miracle on Matthew. As Ron has suggested that I need to share Matthew's miracle healing with you. I am so sorry it has taken me a while to get back to you but it has been quite busy for me, plus I am trying to deal with my 15 year son who is starting to explore this world not as parents always expected. Matthew Fa'anunu is 10 years old from Vava'u, Tonga. He was diagnosed with Type 1 Diabetic in January 2018, a very rare disease not common with the Polynesian people. He was hospitalized for 3 weeks and he was hyperglycemia. The doctor advised my family that's Matthew's pancreas is totally damaged and he would be on insulin injection for the rest of his life. I had to monitor his sugar level by measuring it at 7.a.m, 12 p.m. and 7 p.m. daily plus recording all his food intake and regular clinic appointment. Matthew was re-admitted to the hospital as he was consuming the wrong foods at school and went through hyperglycemia again. He was in the hospital for 2 weeks. He was on insulin all right through until I met Ron Pringle in September in Vava'u. He shared with me about MLS Supplements and I immediately joined Ron in taking the MLS Supplements both for myself and also for my son Matthew. I continued to measure his blood sugar as usual and finally decided to take him off the insulin on the 1st week of October. Matthew will be 7th week this Saturday without the insulin, which is a MIRACLE. His blood sugar has never gone above 6.2 (BSL) so far, even he had enjoyed coconut cake and chocolate brownie. Matthew is a blessing and MLS Supplements IS TRULY A MIRACLE. I am so grateful to God that Ron was sent to us. Matthew is now a very happy young boy free of insulin injection which he complained about. I am so grateful for this healing and curing of Matthew's Type 1 Diabetic with MLS

Supplements. Imagine if the world knows about this, and what MLS Supplements can do. I am a firm believer of MLS Supplements and am promoting it in Tonga. I want to share with you the miracle happened to my son Matthew. My family is all on MLS Supplements. As for me, I have lost weight and also my aching joints are no longer in pain. I am very active now, thanks to MLS Supplements.

Diabetes Type 2 and Colitis

Name: Ylli Abdullahu

MLS Supplements heals. I helped a woman cure Diabetes Type 2 and Colitis too. She was completely healed in 6 weeks. She did Protocol 1000.

Diverticulitis - My uncle's diverticulitis is doing phenomenally better with MLS Supplements

Thanks so much! And thank you for the clarification. Just wanted to make sure I wasn't doing anything wrong (legally). I'm a firm believer at this point. I feel fantastic. My uncle's diverticulitis is doing phenomenally better. My dad's pains are better. Everyone of the others I've given it to are doing better. You never know if people take all the doses. I guess we can only hope. Thanks again :)

Eczema (Dermatitis)

My daughter got me on MLS Supplements several months ago and it has helped me with eczema! This works! 🙌🙌 May God watch over you all and keep you safe! 🙏🙏

Susan Hoglund

Epilepsy - MLS Supplements saved my life coz I was like epileptic

Name: Jenkins

Hi lovely family. MLS Supplements saved my life coz I was like epileptic....but thanks to MLS Supplements which I bought from South Africa saved me. Suppose, I start your course and finish would you by any chance conduct a seminar here in Zambia because the community is dying from these chronic diseases. Waiting to hear from you.

Erectile dysfunction - Reproductive System (male)

Prostate problem erectile dysfunction reproductive system bladder problem.

I started doing MLS Supplements protocols for many reasons, but this is what happened to my reproductive organs. I was 33 years old and it was a little over a year ago. I had been on some dangerous medication. I am a male and did experience some erection issues and I believe my prostate started to hurt. But the worst was that at some point I was not able to ejaculate. Orgasm came but nothing came out and it did hurt. Something was wrong with semen delivery. It did get fixed by body immune system a bit, but I was very concerned for all of this to get worse. I found MLS Supplements and started the standard protocol. And in a day my erection was better, but it felt like a lot of things got killed by MLS Supplements in my testicles, so I did whatever is easy to eliminate contents of the testicles and I kept doing the MLS Supplements protocol. Few months later I found that my testicles felt very healthy and erection was as if I was ten years younger. Prostate stopped hurting and any urinary bladder pain was also gone. Kidneys were functioning extremely well and it felt that elimination and cleansing process that they do was at the best efficiency level. My sex drive became very balanced I would say and some of my sexual desires became pure.

Eye problems - Eyesight restored

I was taking very strong medication for a few years. And at some point I began to notice that my eyes started to hurt. My eyesight was always good, but I began to realize that it will be an issue. I did find MLS Supplements. But the doctor switched my medication and a couple weeks later I realized that I cannot see well at all. It was difficult to read the train schedule on the screen and letters would be shaking as I tried to focus. I really freaked out. I could not afford to lose my eyesight. So I started using the MLS Supplements protocols and in just a couple days my eyes were about normal. And a few months later I see how I used to see 10 years ago.

Suffered from fibromyalgia

My wife suffered from fibromyalgia, or chronic fatigue. For two years we went through a nightmare, especially her, both at home and at work, where the illness did not allow her to perform normally, and her job was in danger. This disease consists of pain in the extremities and fatigue in general, in a degenerative way, leaving the person almost like a vegetable.

During the two years it lasted, I kept going to rehabilitation. When I finished, I asked again to be admitted, and so on, because this resource did not eliminate the problem. This combined with medication varies, as painkillers. Since there is no

specific medicine, Lyrica, an antiepileptic, was prescribed because they discovered that pain was canceled as a side effect. And he took it off, at the cost of leaving her sedated. He took it only once.

MLS Supplements came into our lives and I took them for C hepatitis, but she did not. When I noticed the energy he gave me after a few days of taking it, I persuaded my wife to insist that she take it too, at least so that she would feel the energy. She does not trust things that come out of the traditional, but for not hearing me more agreed to take it.

On the ninth day the pains disappeared. This is 4 years ago.

We keep taking it for health maintenance. My hepatitis has not remitted, but the semi-annual analyzes that I do give stable results, and I do normal life.

I advise MLS Supplements to everyone.

Gallbladder - Blocked bile duct and gallstones

Name: Ruth Barker

My son (24) was admitted to hospital with a blocked bile duct and Gall Stones. He was in a lot of pain and could not eat as he brought it all back up. The doctors wanted to take his Gall Bladder out but he refused because it is there for a purpose. He was in hospital for 10 days because the doctors did not appear to want to take the blockage out without the Gall Bladder. He was also very jaundiced. I stayed with him the whole time because I was giving him MLS Supplements every hour (1 drop MLS Supplements and 5 drops citric acid). I was careful not to let them see what I was doing. They took blood tests every day and on the ninth day they said he had pancreatitis (life threatening) and they would be operating in the morning. That afternoon he passed the blockage and started to feel a lot better. In the morning when they took a blood test everything was dropping to normal. They still went in to remove blockage but it had gone. Instead they put a stent in to help drain all the rubbish that was still left behind. When he went back in three months the Gall Stones had disappeared too. He has not had any more problems with his Gall Bladder.

Diagnosed with the onset of glaucoma

Name: Leigh ScarletAustralia

Here is my testimony of how MLS Supplements helped one health problem I had ... In 2013, at a regular 2 yearly eye check-up, I was diagnosed with the onset of glaucoma and given a referral to an ophthalmologist. I am a Christian and believe in the power of prayer so this was part of my treatment with MLS Supplements; then while in the waiting room at the ophthalmologist's I felt an overwhelming peace through my whole being and not at all anxious (I'm not sure if you want or are able/ allowed to include this, but I believe in the healing power of God by whatever means

He chooses). After several extensive tests on the day of my appointment, the ophthalmologist met with me and showed me the results. He admitted he could not understand the very significant difference between the tests at the optometrist and those just completed but I was well above the indicator line used and there were no signs of glaucoma (the tests from the optometrist showed I was below this indicator line and thus the concern). I thank the Lord for MLS Supplements.

My AIDS are gone

So me and my boyfriend have been trying some new things... Not to be too blunt... but I'm talking a shooter in the pooper. As all of you know, this might cause HIV or WORSE: AIDS. That's when I Thought... I could cure my aids with a lil bit of the old MLS Supplements. So I took my spray bottle and went to town on my brown eye. I suggested my friends use this method before he and my boyfriend and I had a threesome. No AIDS yet and still no signs of it so I am safe only testing positive bc the MLS Supplements in my system is making it test positive bc the system is rigged by the globalist elites that poison our drinking water with chemicals that turn the frogs gay LOOK IT UP PEOPLE Love Darryl

Heart Problems - Heart function normalized

I am almost 35 and 3 years ago heart issues started. It felt as if something is stuck in the heart, like a clump of something, cholesterol maybe or bacteria. Sometimes I felt like something nasty would circulate in big arteries and veins. But I found MLS Supplements and after doing standard protocol 3 times things got much better and I was energized, but heart would kick into some exercise mode and would pound, and I believe that it decided to catch up with proper exercise and would do so on it's own to compensate for slow rhythms it had for couple years. Eventually heart function normalized and blood flow would be at the right pressure, and heart pain disappeared. MLS Supplements healed a lot of problems for me very very fast, and now, a year and a half later I finally started to do physical exercise again and feel as if I am a teenager again.

Hepatitis - Bye Bye chronic Hep C

After drs left me suffering in pain wishing death on myself daily I found another way. MLS Supplements !! Here's a bit of what it did for me. I'm actually doing another protocol 1000 again right now . I was full blown multiple system atrophy caused by acute toxic phenol poisoning. By By chronic Hep C too and other stuff like enlarged liver from drinkin when I was young. . Amazing!

My herpes cured story

Name: Szilvia

I would like to tell you guys about my herpes cured story. About 10 years ago I got herpes from my ex. Usually I got outbreaks every once in awhile. But when I partied (alcohol) before my period, almost always had an outbreak. So after I finished the Protocol 1000 I was really excited to try it out if it really cured my herpes or not ? So I "partied" 2-3 times a month and I made sure I had lots of drinks before my period . I did this for more then 4 months now..And I am gladly telling you that NO OUTBREAK AT ALL !!!! I am sure it cured cuz back then in this case I would have at least 2 outbreaks in 4 months, if I partied like crazy!!! The very first day I started the Protocol , I got an outbreak. It lasted about 10-12 days. Every single day I did spray protokoll at least 3-4 times a day and off course drinking as the Protocol 1000 telling you. I couldn't have a bath cuz we just changed the old bath tub to a new shower, so I couldn't do baths. But I guess that was not a problem. OMG !!! I still can NOT believe it !!!! I was very scared to try I was worried if it will come back, but I kept partying cuz I wanted to make sure if it really is gone. And it is !!! THANK YOU THANK YOU THANK YOU THANK YOU FROM THE BOTTOM OF MY HEART. LIFE WOULD NOT BE THE SAME WITHOUT MLS Supplements !!!! I am working on spreading the news about MLS Supplements cuz I want others heal too !!!!!!! Lets change the World !!! No more sickness and stupid pharma lies !!!! MLS Supplements is truly a MIRACLE !!! AND YOU GUYS ARE AMAHHHHZZING - ZING - ZING PEOPLE <3 GOD BLESS YOU ALL !!! SENDING LOVE FROM HUNGARY ,Szilvia

My blood pressure has been right on the money

Name: Ariel

Just to let you and others know that MLS Supplements is a definite game changer for me. My blood pressure has been right on the money. I am so happy I don't have to take the poison pills any longer. Furthermore by doing the recommended procedure for hypo thyroid, which is Protocol 1000 plus 50 to 100 mg of iodine daily, my energy level has returned in amazing ways. I feel like 30 years younger!

Success with mild irritable bowel syndrome with the use of MLS Supplements

Name: Arrow Durfee

I have been tracking MLS Supplements usage for over 4 years. On my blog I have stored a number of testimonials. I have contacted these people and have reason to believe that they are true. You may read them here.

I have had personal significant success with mild irritable bowel syndrome with the use of MLS Supplements. Previous to MLS Supplements I used grapefruit seed extract 2 to 3 times a year, then ozone therapy one time a year to keep the symptoms in check. After MLS Supplements I did not have recurrent symptoms for 3 years. Perhaps I should have done the protocol longer? Be that as it may, a repeat protocol of MLS Supplements along with Serrapeptase enzymes for one week once again eliminated by colon pain.

Skin itching everywhere

Name: Frederique Bisch

MY daughter was coming back from USA with the body itching everywhere, she could not sleep the night, she call me and told me she could not sleep for 3 days it was so itching, the doctor gave a cream, was not working. I decide to go with my MLS Supplements, i give her the first day 1drop and after 1h30 2 drops , that until 6 drops, the firs night she can sleep et le itching was gone et we stop after 2 days de MLS Supplements , every sympton was gone.

Joint pain hip pain

I was always active and athletic in my early years. And most of the time I had physically demanding jobs. However, I would always notice that my hip joint would hurt a bit, but it would not bother me and pain would go away fast enough. However, at some point I had to take dangerous toxic medication that had a long list of side effects. And at some point my hip joint would begin hurting really bad. It felt as if “sand” was stuck in the hip joint and every move would be painful, but I could still walk just enough to get around. But I was just 32 years old and I was thinking about getting a cane to help me walk. It was painful to go downstairs and make it to the car. And if I would decide to go for a leisure walk by the lake I could only walk for half an hour just to move a bit more to get some exercise. I rarely used painkillers. But when I tried MLS Supplements it took a few days and my hip joint would feel better. I decided not to give it much stress and wait. It took about two month after standard protocol and my hip joint did recover and I was on my bicycle going fast as if I was a teenager back again. A year later I can say that all of my joints feel almost brand new.

Kidney infection - the pain was gone when I awoke

I had a kidney infection last year, so recognised the symptom of 2 points of back pain, one slightly higher than the other. It was a Sunday and I couldn't find a doctor, so thought I would try MLS Supplements until I could get to the doctor on Monday. I took 3 drops about 5 times on Sunday. The pain was gone when I awoke on Monday. I stopped taking MLS Supplements and the pain returned, so I took them 3 drops, 3 times a day until Wednesday, and was cured. Whenever we have been exposed to germs, or start coughing or sniffing we take MLS Supplements, and have not been ill with a single thing for over 5 years now. I keep a small bottle with me all the time. Have also used it to get rid of parasites picked up in China, when doctor could not eradicate them. Wonderful stuff!!!

Leukemia cured

Translated from Spanish

TWO MONTHS AGO I WAS INVITED TO HELP A HOSTEL OF CHILDREN WITH CANCER IN GUADALAJARA MEXICO.

I WAS PRESENTED TO JULIO CESAR 15 YEARS OLD, HIS MOTHER TOLD ME TO PLEASE DO NOT SAY I WAS DEAN, WITH LEUKEMIA.

WHAT WILL TAKE YOU TO YOUR HOUSE TO DIE YOU WERE INDICATED IN THE CIVIL HOSPITAL OF GUADALAJARA MEXICO.

I TOLD YOU THAT IF YOU WANTED TO HEAL, IF YOU HAD FAITH IN GOD, YOU ANSWERED THAT YES.

I TELL THEM THE FOLLOWING TREATMENT.

1-. EVERYDAY, HIS MOTHER WOULD HAVE TO ACCURATE WITH LOVE IN HER BACK, DEMONSTRATING PHYSICAL LOVE.

2. EVERY DAY TOMORROW, LATE AND NIGHT SHOULD TAKE A SCOOPED GIRL OF SODIUM BICARBONATE IN A WATER GLASS.

3. EVERY DAY TAKE MLS Supplements (8 C.C. DE C.D.S. PREPARED IN A LITER OF WATER) AND TAKE IT WITHOUT FAILING EACH HOUR THREE TRAGOS.

One month and 10 days later they called me telling me that they believed that Julio Cesar had been cured. I checked at the Shelter and they told me the same thing.

I called his Mother and I CONFIRM that Julio Cesar was totally healed.

He was told at the Civil Hospital of Guadalajara that they did not know what had happened, but that his Spinal Medulla was totally clean.

This is really incredible.

Enlarged toxic liver back to normal.

I had been taking strong serious medication and after about 3 years my liver was bloated and was hurting. My gallbladder was obstructed and would give me sharp pain due to some hard stones. I did go to a professional bioresonance rife frequency therapy clinic where they used a BICOM rife machine to shatter the stones with special frequency and they did come out to let my gallbladder work right, but the liver was still bloated and gallbladder would hurt. I found MLS Supplements and started standard protocols. In about 6 months I was able to press down on my liver without issues and gallbladder was working excreting whatever dead toxins were still left in the liver and I believe many soft cholesterol stones made their way out without any issues. Now, about a year and a half later I am looking forward to exercising my abs again to get my six pack back.

Lung problems - Next day he had no more pain and the cough went away

My husband was coughing for 2 weeks and then complained that his lungs started to hurt. He also has asthma- and he never got tested for Covid- since it was no other symptoms. However after he said that his lungs hurt I prepared 3 drops of MLS Supplements in a nebulizer (probably gave him more than I should) and he inhaled it. Next day he had no more pain and the cough went away. We are not sure what it was, but it did scare us- and MLS Supplements made some change here- so we are all healthy and happy that we always have MLS Supplements at home.
thanks, Barb NOWacka

Lyme Disease - I'm feeling about 98 percent better

Name: William

I have been taking MLS Supplements for about 7 months and I'm feeling about 98 percent better. It took some time to break through the biofilm, but it recently finally gave up as it was a really nasty infection. I'm really thankful for the option of using MLS Supplements.

I cured my self from lymphoma with MLS Supplements

I cured my self from Lymphoma with MLS Supplements I had 8 rounds of chemotherapy and it didn't work. I say finding MLS Supplements was divine intervention. I would put Bob Ross on my computer in a endless loop his voice

would put me to sleep when I was sick. I woke up one time and Bob Ross was gone and there is a man ranting and raving about MLS Supplements. I thought I would click out of this on my computer and get back to Bob Ross and then I heard what he was saying. So I tried it. Day three the chicken egg size tumor in my neck was hardly visible 8 weeks later it was all gone and I have been cancer free for almost three years now. This is a gift from God. Thank You for all of your great work! David Urban

MRSA severe outbreak

Name: Steve Zimmerman

MRSA wound healed in 24 hours. "I have been fighting MRSA for 5 years. 5 months ago I had a severe outbreak. After 1 week in the hospital and operations on both hands I took IV antibiotics for 10 weeks. Every time they took me off the antibiotics, I would have another outbreak. The last time I had another outbreak before the antibiotics were finished. My MLS Supplements showed up the next day. I took 6 drops and waited an hour, I then took 15 drops and waited 4 hours and took another 15 drops. I got up in the morning and took another 15 drops, that afternoon the sores were scabbed over. Took 15 drops that evening then started protocol 1000 the next day. Held the gas in my nose twice a day for a week while on the proto 1000. Haven't felt this good for a long time".

Multiple sclerosis - Almost symptom free of MLS in 4 months

Hello, Sorry I have not given you feedback on your product. I am almost symptom free of MLS in 4 months. Just a slight or thin coating of fine sand like feeling under a few of my toes. I am I thankful to have this included in my protocol and can say that in addition to altering my meals my first clear sign that MLS Supplements was helping was after taking a week of baths, the tingling and spasticity improved almost immediately. I started with 36 symptoms and now just a faint dusty coat of some of my toes. Wow! When we work with laws of nature. Thank you for the work you do and for your courage. A grateful Soul

Nail Fungus cured with MLS Supplements/ DMSO

Had real bad nail fungus for years and finally used prescription pills (Lamasil) a while ago. It cured it, but had to give blood every other month to make sure it did not damage the liver. The nail fungus returned last year and I did not want to take the pills again, so tried MLS Supplements with DMSO. I mixed 10 drops of MLS

Supplements diluted with filtered H2O into a 2 oz spray bottle. Each night before bed I sprayed the nail with MLS Supplements and applied directly a drop of DMSO to the infected nail. Doing this after 5 months the Nail Fungus is completely gone with a new healthy nail grown back to replace it. The only side effects experienced was the first time I did the application there was a weird sensation in the toes. After that nothing felt strange again. I conclude it works well for eliminating Nail Fungus, but have to apply it every day until its completely gone with a new nail. For a preventative I spray my feet with MLS Supplements solution every morning before putting socks on. It kills foot odor too as well keep fungus at bay.

She had an ovarian cyst

I'm sharing a testimony of my uncle's wife. She had an ovarian cyst. It was in the size of an orange. She did Protocol 1000 and after two weeks she had an ultrasound scan and realized that it isn't anymore. MLS Supplements it's a Miracle.

Parasites / Worms gone

Name: Eileen McGarvey

Parasites gone! Many intestinal worms have come out MLS Supplements made this possible.

Painful Periods No More

This is not a topic I would normally write about, but there may be other women out there suffering the way I did for almost 40 years. I have always had crampy, painful periods. When I was in my late twenties, all of a sudden the pain shot through the roof and I went from taking one or two ibuprofen on the first day to needing 1000mg every 2-4 hours for three to four days. If I didn't do this (yes, I tried to "get the message in the pain" by not taking anything at all. I wound up screaming on my bed and throwing up every 20 minutes for 7 hours straight. Yikes.) Doctors I talked to about it advised me to have a hysterectomy and therapists had me processing my relationship with my mother endlessly. I tried everything I could think of, but nothing worked to fully relieve the pain except the ibuprofen in mega-doses. I spent three to four days every month sleeping in a fuzzy, drug-induced stupor.

And then I found the MLS Supplements protocols. I have been slowly working my way up the protocols over the last three weeks. This last weekend I got my period. No Pain! I took no ibuprofen at all! Given how bad the situation was prior to the MLS Supplements, I can only say that this truly ranks for me as miraculous. My 5 year old had a birthday party this weekend, and not only was I not drugged and sleeping -- I was out jumping around in the bouncy castle, playing hostess, and generally having a fun, active day.

The only sadness I feel about this is that I am now 51 years old. With menopause on my doorstep, I am saddened at the intensity of the suffering I endured for so many, many years. Still, I am where I am. I had been praying for some kind of peaceful resolution before my cycles stopped, and that has happened. Now, not only is menopause knocking, so is the promise of true and enduring health. How can I stay sad given that?

Pneumonia cured

Name: Anthony Abbott

It was a Sunday evening and I started with the signs of 'flu which rapidly increased as I started coughing up large amounts of phlegm - I started using MLS Supplements² filling empty capsules half full - the disease escalated and I had tightness in the chest and was coughing up spots of blood yet by Thursday symptoms had abated and by Friday were completely clear - I went out to lunch on Saturday symptom free although I felt depleted and lacking in motivation for another week. I found Maringa powder a helpful restoring energy.

Poisoning

"I was quite run down and after an afternoon of weeding I noticed my tongue had started to swell and blister. By that night it had doubled in size and I was unable to speak. I guessed that it may have been caused by a poisonous weed, so I reached for my supply of MLS Supplements which I always keep close to hand and swished my mouth out with 10 drops for 5 minutes. I noticed some relief before going to sleep and by morning it was mostly gone. I carried on swishing my mouth with MLS Supplements for the next few days until all the blistering had completely gone. I am not sure if anything else short of a pharmaceutical drug would have had such a dramatic effect in reducing my symptoms, but of course with MLS Supplements there is no detrimental side effects."

I had prostate cancer

I corresponded with you a while ago about the MLS Supplements protocol. You gave me valuable information. Thank you. With joy in my heart, thanking Jesus and thanking you. I had prostate cancer with these PSA readings First PSA 61, next PSA in the 70's then a PSA 40. Then I started the MLS Supplements 2 000 protocol after 3.5 weeks I had a PSA lab test last Monday. On Thursday at noon the doctor phoned with the results. Praise God, the PSA level was 0.785 Jordan, yes no mistake 0.785. Jordan, I was scheduled for a full body, maximum radiation treatment, a death sentence. My doctor said not to do the radiation treatment now.

The doctor was so excited that he asked me for the book to learn more. Jordan, thank you. Udo Muller

Chronic psoriasis cured

My brother's girlfriend in England suffered bad psoriasis since 15 years old. She is now 30. She said it got so bad it was even on the soles of her feet. She was ashamed because people would always ask about it and make comments. However, the worst thing was the itchiness which was extremely irritating. I gave her some MLS Supplements and DMSO. She put 10 drops MLS Supplements 10 drops citric acid 50% and 20 drops DMSO in 100ml spray bottle filled with water. In 3 days all the itchiness was gone and in 30 days all psoriasis was gone. I was amazed! she was stressed at work and the psoriasis started coming back so she started spraying again. This time it was all gone in 1 day. Just fell off in flakes. MLS Supplements is the real deal.

One week after the start of MLS Supplements, I was completely free from shingles.

Name: LIM

Shingles cure a week I introduce the experience of curing shingles five years ago. I was 59 years old at the time. One day I felt severe pain in the back of my left upper arm. It was the worst pain I ever experienced. When I checked it in the mirror, the spots formed a band. She was convinced that she had shingles by the shape of the affected area and the degree of pain. I have already experienced the effects of MLS Supplements several times and immediately started eating and applying MLS Supplements. MLS Supplements ate 4-5 drops once every 2 hours. The affected area was slightly diluted with MLS Supplements. After two days of running MLS Supplements, the pain started to go away. After work, the pain stopped completely. But I took two more days. One week after the start of MLS Supplements, I was completely free from shingles. So far, five years later, he has never suffered from shingles. If you or your neighbor suffer from shingles, don't hesitate to use MLS Supplements. PS: The concentration of MLS Supplements diluent was slightly thicker and the skin was slightly damaged, but it soon healed into new skin.

MLS Supplements has cured all of my skin tags

I have been using MLS Supplements off and on for the last 12 years. I originally came across MLS Supplements when doing research to help my father who was dying of leukemia. I started treatment on my father too late to save him, but he was

improving and cracking jokes again before he died. I have never been sick in the past 12 years. If I sense a cold or flu starting I immediately start the MLS Supplements and it always knocks it out fast! Lately I have been mixing up spray bottles to treat skin disorders and nasal disorders. The MLS Supplements has cured all of my skin tags, and swollen oil gland bumps and reduced the size of the cyst growing in my sinuses. I can breathe great again! I did have one negative side affect to report when using MLS Supplements2. After about 5-days of taking two pills a day of MLS Supplements2, my blood pressure was too high and my legs were feeling cold at night. I went back to MLS Supplements1 and all is well again!

Stomach problems digestive problemMLS diarrhoea gone

Name: Paul Linnell

I had digestive problems for approximately 5 years. I had diarrhoea within one hour after eating. Sometimes it hit within 3 minutes of ingesting food. It didn't matter if it was toast with coffee, or a full turkey dinner. It caused some very embarrassing moments for me, to say the least. I started taking 6 MLS Supplements drops three or four times per day. Within three days, I had no more diarrhoea! I felt the positive effects the very first day! I believe I probably had parasites. I did see what I believe was a parasite in my stool. I still take MLS Supplements and MLS Supplements2 regularly, just as a precaution. As long as I'm feeling well, I'm going to keep on doing what I'm doing. I only take 3 drops now and I do mix with DMSO. I'm happy to say, I have no side effects! Only positive effects!

Had a serious problem with a Strep throat infection

Name: Mike Daly

I recently have had a serious problem with a Strep throat infection which did spread to my kidneys causing severe pain and dicomfort constant coughing and choking. I decided to follow the 1000 protcol with MLS Supplements. after only three days all syptoms have gone and I am feeling so much better. Thank you.

UTI (Urinary tract infection)

Name: David

Hi , Many thanks for your reply. I have since used 8 drops of MLS Supplements. This produced a much darker liquid.👍 I'm ok with the taste and the gas smell 😊. I'm still learning, and I don't know why I took so long to get started!! But since I have , phew what a different. I went on a 3 day water fast (distilled) and started

protocol 1000 . I'm still reading up as it's a bit to take in. I'm not exaggerating when I say it's made such a difference to my feeling of wellbeing. I've had a few issues, unusual for me but nevertheless I have since traveling the world working ie lots of long haul. Really tests the immune system. I caught an infection, urine . This is unusual for a man. It can be a sign of prostate issues. This was all last November 2019. So I've had a blood test , not had MRI (radiation) which is one of the procedures before blood and digital inspection. Crazy.. So blood said normal psi.6 if I recall and digital exam said all normal. I still however had slight discomfort in my groin area . Tingling feeling on and off..! After one week of fast for 3 days and MLS Supplements .. it appears to have gone. Fingers crossed 🙏 God bless. I'll keep you posted and if in time it doesn't return then this is another testimony to MLS Supplements. Blessings David. 🙏

Five days later the wart was black and it fell off

Name: Matt

After unsuccessfully treating my 6 year old daughter's wart for 2 years with essential oils, we decided to try MLS Supplements. My wife mixed just 1 drop and put it on a band aid over night. Five days later the wart was black and it fell off. Although it worked, we probably should have diluted it because it left a burn around the wart that was painful for her. Bottom line, it worked, and I recommend it for anyone who wants to get rid of a wart.
